Substances contained in our products in accordance with California Proposition 65 Dear Sir or Madam,

We thank you for your request regarding the California Proposition 65 substances.

Unfortunately, we cannot confirm conformity according to this guideline in this directive.

The products of item GmbH are not consumer products. This is our strongest argument in this very lively guideline, which is subject to constant change.

The products of item GmbH are durable commercial/industrial goods and are identified as such in the catalog. Thus, they are not covered by the directive.

In addition, it is intended and technically not necessary that our products do not in principle release any chemicals to individuals in their intended use.

Sincerely,

Dipl.-Ing. Markus Allwicher
